

Message from the Managing Director

Amidst all the vibrant hues of autumn - the sparkle of festivity in the air and the golden harvest under the bright sun, echo the immortal words of John Keats, from 'To Autumn'. This time of year is not only about reaping the bounty of the earth, but also about gathering the ripened fruits of our own inner wisdom, looking forward to the future opportunities and challenges.

Life is a journey, and what matters the most is how much we work hard to achieve what we dream of. I urge all of you to keep working hard, not just to achieve your dreams, but to become the best versions of yourselves. Keep investing and keep harvesting well. God bless you all.

We also celebrated big wins at the Oscars and saw our athletes bring home gold during the Asian Games .

These achievements bring us together as a nation. But while we celebrate, it's also time to look forward and think about what's next: a self-reliant, developed India where everyone has the opportunity to reach their full potential. The journey continues...
